- Designed and developed Personal Portfolio and it's a showcase about me, my education and skills.
- Created this site by using HTML, CSS and JavaScript.
- It is responsive to different screen resolutions.

Github Personal-Portfolio

Blog Site
- Designed and developed a blog page using HTML and CSS.
- Used Flexbox, Grid, and Media Query to design the site and to implement responsiveness for different screen resolutions.

Github-DT-Blog

Restaurant Management System Project
- With the help of Python program, I have made GUI by using TKinter, integrated MySQL with python, and used file handling to make this project.
- It manages the food menu and the cost associated with it.

RMS Project

LEADERSHIP POSITION

Management, AAINA Club
- I worked at AAINA Management Club, contributing to leadership development, event management, and fostering a culture of innovation and professional growth.
- Orchestrated the annual cultural fest of BBD group of educational institution as a member of management team.
- As a member and a part of prominent team, we managed AAINA team for events like ANTARAGINI by IIT Kanpur, Techkriti'23, XENIUM, Aagaz and more.
